

DRIVE THE TRACK

Drive the track!

Do not take any shortcuts, driving off the track causes environmental damage.

Drive the Puddle!

Slow down. Drive through puddles. Do not make new trails on the side.

Uneven Surface!

Drive over washboards and rough terrain. Do not go offroad to avoid them.

Drive the Snowdrift!

Drive through snowdrifts, do not go around them. If you cannot cross, turn around and go back.

No Circles!

Do not drive in circles off-road, and no donuts! If making a U-turn stay on the track.

Missing Track!

If the track ahead disappears, stop and search for it on foot. Be aware of misleading tracks.

Respect nature with responsible tourism, our natural environment is very fragile and it can take decades to recover.

Help preserve Iceland's nature for future generations.

Off-road driving is illegal and subject to high fines.
